March 17, 2020

New London School Community,

Our official mandatory school closure for students will begin on Tuesday, March 17, 2020.

This afternoon President Trump communicated a national effort to flatten COVID -19, with the support of world leaders. President Trump recommended the closure of schools and by limiting gatherings of individuals of no more than ten in a single setting.

Please reference the student instructional model guidelines which were shared with you earlier today. Note digital and distant student learning protocol will begin on Monday, March 23, 2020.

Over the next several days, our District will continue to communicate with our school community about further resources available for students and families. Note that student foodservice distributions sites, times, and locations will be disclosed later this week with meal service starting on March 23, 2020.

This past week has pushed us all to think about education and our world in different ways. I encourage parent guardians to make decisions based on facts and foster quality environments for our children. Your continued support for our children and school community is very much appreciated.

Sincerely,

Scott Bleck
District Administrator
School District of New London
