June 19, 2020

Dear Parents and Guardians,

The School District of New London would like to thank you for your active involvement and support recognizing the recent digital/distant learning platform which concluded our 2019-2020 academic year. Without question, our parents/guardians active participation supported best efforts in a diverse learning environment.

As we near the end of June, the School District of New London is actively preparing for the start of the 2020-2021 academic school year. There are still many unknowns as to what and how the coronavirus pandemic will affect the return to school protocol on September 1. Regardless, as a District, we must prepare within our means to create a safe, reliable, and accountable learning environment for our school community.

With the intent to seek feedback from our school community families, a return to school readiness survey will be sent electronically to all parents/guardians on Tuesday, June 23. Paper hard copies of the survey can be picked up at our District office administration building at 901 W. Washington Street starting June 24. The return to school readiness survey will be open for feedback through July 3. Information gathered from the return to school readiness survey will support decision making and reentry planning as we prepare for the start of the 2020-2021 academic year.

Again, on behalf of the Board of Education, educational professionals, and support staff, we thank you for your continued backing to fulfill our mission to achieve "Success For All Students."

Sincerely,

Scott Bleck
