

NEW LONDON HIGH SCHOOL

THIS MONTH IN ACTIVITIES

MONTH: SEPTEMBER

ACTIVITY: VARSITY VOLLEYBALL

In an effort to continue to try and reach a broader audience than just those interested in athletics each month in the Bulldogs of Character newsletter we will have a section devoted to “This Month in Activities”. This section will give all of you a chance to tell people about something great your group did in the previous month and advertise the fact that your group is out there and always looking for fresh faces. Please do a short write up in the space provided below and submit it to the Activities Director by the 5th of the new month.

A special thank you goes out to all who donated to the Run/walk that the volleyball girls (mostly Varsity, JV, and some freshman) participated in last Saturday Sept, 11th. We were able to raise over \$2,000 for the cause. We were labeled "Gold Star" members. This means that our team will be able to sponsor a wish for a particular Make a Wish child!!! There will be a plaque in the trophy case at the high school that the team received for raising that much money. I have not received the final numbers as they announced our total while we were still in the run/walk.

The girls were happy and fun to be with in freezing cold rain! The entire run/walked raised over \$38,000 at the event. New London was well represented as we were thanked numerous times by workers, participants, and kids! Our own intermediate school student in Make a Wish and one of our players won a drawing. The volleyball player then donated her winnings to our IS student who will be wearing a martial arts uniform and taking lessons in an Appleton studio. This is a great example of character defined by actions not just words.

All the way around, I was very proud of the girls and very proud to say I was from New London!!!

Thank you to all who helped! :) Picture attached below.

THANK YOU FOR HELPING US SUPPORT OUR GOAL OF REACHING ALL STUDENTS IN THE SCHOOL DISTRICT OF NEW LONDON.
