

SCHOOL HEALTH SERVICES

School District of New London

Ill Child Protocol

****Your child MUST stay home for 24 hours AFTER the fever (100 degrees or greater) has subsided WITHOUT the use of fever reducing products.**

This may mean that the child may need to be home for 48 hours or more.

****If the child is seen by the doctor and returns before the 24 hours, they MUST have a note from the doctor stating that they may be in school.**

****Any ill children with sore throat, cough, diarrhea, vomiting should also stay home for 24 hours AFTER their symptoms have subsided as well.**

**YOU MUST CALL SCHOOL EVERYDAY
YOUR CHILD IS HOME ILL OR OUT OF SCHOOL**

We are enforcing these guidelines due to the H1N1 guidelines that we have received from the CDC and the State of WI.

Any questions, please call Susan Resch, School District Nurse, on her cell phone 920-538-2976.
