Bulldog Way Positive Behavior Incentive

Our next Bulldog Way Positive Behavior Incentive will be Wednesday, November 25th. Students with no behavior referrals will be able to participate in Thankful Turkey. For this, students will write one thing they are thankful for on a "turkey feather." They will then place this feather on the giant Turkey body in the gym foyer while wearing the Turkey mask they will make for themselves. Finally, students will be able to enjoy candy corn while doing all of this. Be sure to remind your child to be Respectful, Responsible and Wise to earn this incentive!

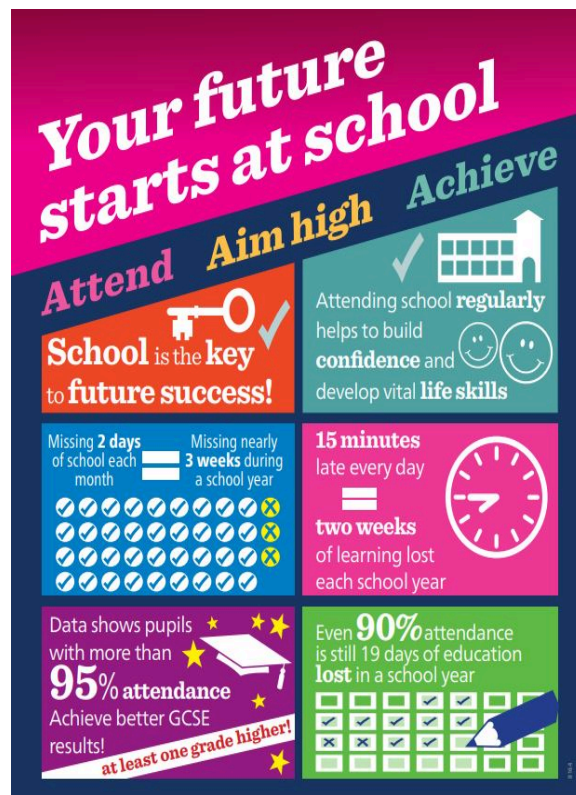

Ski Club

Again this year, 3rd and 4th graders have the opportunity to participate in the Ski Club. If you are interested, please sign up via this link:

Attendance has improved greatly compared to last September and October! Let's see if we can continue the great numbers into November!

Cooler Weather

Our weather has turned cooler with morning temps in the 20s and 30s. Knowing this, please be sure your child has a jacket, hat and gloves/mittens when they run out of the door in the morning to keep them warm on these cool mornings. If you are having trouble providing these things for your child, please let us know. We can link you with the resources that can help.

From Our Specialists

Art:

This month, our young artists are exploring how shapes, colors, and textures can bring their artwork to life! Students are experimenting with different materials and discovering how to mix, layer and design in creative ways. From bold color to choices to

interesting textures, they're learning that every artist has their own unique style. We can't wait to see the amazing artwork that comes from their imaginations this month!

Guidance:

During the month of November guidance class will focus on anti-bullying, kindness, and gratitude.

Student council will be hosting a Stuff the Turkey Food Drive (more info will be sent home).

Physical Education

During the month of November we will be focusing on team building and inclusion activities. We will also begin discussing physical fitness and other healthy habits! Our fitness unit will begin after Thanksgiving break.

Library

Read & Roll success! We wrapped up our first Read and Roll Reading challenge! Participants finished 5 books and scored a free ticket to Skaters Edge Roller Rink!

Keep challenging your child everyday with fun ways to read over the winter months! Try reading to a furry friend or a stuffed buddy, or turn off the lights and read by flashlight.

Reminder: Students with overdue library books will not be permitted to check out new items for the week. Please be aware of your child's designated library check-out day to ensure they don't miss out on borrowing new books.

Happy Reading! Ms. Herzfeldt

Tech Time

In Techttime, we're helping students learn what it means to be good digital citizens. Our focus continues to be on using technology safely, responsibly, and respectfully. Students are discovering how to protect their personal information, treat others with kindness online, and make smart choices while exploring the digital world. These lessons not only support safe technology use at school but also build healthy habits they can carry with them at home.

As we begin the second quarter, our classes will explore new topics that help deepen these digital citizenship skills. Students will learn how to tell the difference between facts and opinions online and how to search safely and effectively using online databases. Each lesson is designed to help them think critically and act kindly as they grow into thoughtful, responsible technology users.

Music

Now with November here, our attention fully turns to preparing our Winter Concert. We have 10 classes(5 hours) to prepare 3-4 songs for each grade level along with about 20 speakers and lots of choreography. The kids do a great job every year and they are all so excited to get to work and learn that music! (Winter Concert 12-12-2025 1:30@High School Auditorium)
