

ORGANIZATIONAL STRUCTURE

The Board is responsible for the operation of the District schools.

It is the primary responsibility of the Board to legislate policies which provide guidelines for the personnel employed by the Board. The execution of Board policies is the responsibility of the District Administrator, who is given authority to administer policies of the District and is responsible to the Board for results.

Good professional relations are contingent upon a clear understanding of relative functions and working relationships among the professional and support staff employed by the District. An organizational chart shall be established to identify line and staff relationships.
