SECTION 5 - CONDUCTING DISTRICT BUSINESS

The School Board policies and Employee Handbook outline key areas of importance in how we operate. Where relevant, this handbook links to relevant Policies and Procedures. However, an employee should review those Board policies and procedures applicable to their job duties.

5.1 ATTENDANCE

As we are a service organization, attendance at work is extremely important. Occasionally, employees may need to be absent from work and leave has been provided to accommodate those circumstances. Should a pattern of excessive absence from work become an issue, it will be addressed.

All employees are expected to be prompt and regular in attendance. Employees must complete all records accurately, including reasons for absence or tardiness, using the designated electronic system of the District. Requests for absence must be made in the manner established by the District. In no situation should notification occur later than 7:00 a.m. unless an emergency would prevent it. Employees leaving the building during the regular work day should follow building procedures for signing out of the building.

5.2 PERSONAL CONDUCT

The School District of New London expects employees to conduct themselves in a professional, business-like manner. In general, this means the employee is expected to:

- ✓ Give complete attention and effort to work matters during working hours;
- ✓ Maintain acceptable standards of work in quality and quantity;
- ✓ Be physically, mentally and emotionally fit each work day to do the job;
- ✓ Comply with the District's policies and guidelines;
- ✓ Conduct themselves in a manner consistent with the acceptable rules of a professional working environment.

5.3 DISCIPLINE (UP TO AND INCLUDING DISCHARGE)

An employee who commits an act that is offensive to the mission or values of the District, or an act which violates a policy or guideline of the School District of New London will be responsible for the consequences of such behavior. The nature of the consequences will depend upon the nature and severity of the offense, the surrounding

circumstances, the intent, prior work record and past conduct. The basic purpose of discipline is to encourage the employee to change his/her behavior so work performance can be improved.

Depending on the circumstances involved, the corrective action or consequences may be in the form of counseling, an oral warning, a written warning, suspension or discharge. However, an employee may not be afforded progressive discipline in all cases.

If the act also violates a statute or ordinance, a referral to law enforcement may also occur.

Reference to: Policy 536.2 Employee Discipline

5.4 FALSE REPORTS

Employees may be disciplined, up to and including discharge for filing false reports including but not limited to the following: Accident reports, attendance reports, insurance reports, physician's statements, pre-employment statements, sick leave requests, tax withholding forms and work reports.

5.5 INVESTIGATIONS

In the event of a District investigation or inquiry, every employee has an affirmative duty to provide to his/her supervisor(s) or any other District official assigned to investigate all relevant and factual information about matters subject to an investigation. Employees are required to cooperate with the investigation. Failure to cooperate in a District investigation may result in discipline, up to and including discharge.

The District may place an employee on administrative leave, paid or unpaid, during an investigation into an alleged misconduct by an employee.

5.6 RETALIATION

The District prohibits retaliation against a person who reports prohibited discrimination or harassment, including sexual harassment, assists someone with a report, or participates, or is believed to have participated, in any manner in an investigation or resolution of an incident. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to employment. Retaliation is viewed just as seriously as any offending behavior and will result in disciplinary action, up to and including termination of employment. Individuals who believe that they are the subject of retaliation should contact the District Administrator.

5.7 REPRESENTATION

In the event any employee is called to a meeting with representatives of the District for the purpose of issuing discipline or discharge, or for the purpose of investigating

circumstances which may lead to discipline or discharge, the employee may request that representation be present. The District is under no obligation to provide a representative or to unreasonably delay meeting or action until a representative for the employee can meet.

5.8 DISCIPLINARY MATERIALS

Copies of any disciplinary material(s) will be provided to the employee before such material is placed in an employee's personnel file. The employee will have the opportunity to reply to such materials and affix his/her reply to the material(s).

5.9 GRIEVANCE PROCEDURES FOR DISCIPLINE, TERMINATION AND WORKPLACE SAFETY

Where an employee is disciplined, terminated or has a workplace safety concern, the employee has a right to file a grievance which will be heard by an Independent Hearing Officer (IHO) and, ultimately, reviewed by the Board of Education. Except in cases of termination, the first step of the grievance process is to discuss any potential grievance with the employee's building principal or director.

If the concern regarding discipline, termination or a workplace safety concern cannot be resolved through consultation with the employee's supervisor, then the employee may file a written grievance within ten (10) working days of the termination, discipline or actual or reasonable knowledge of the alleged workplace safety issue. Failure to file a written grievance within this timeline will result in the denial of the grievance. Employees should consult the full grievance procedure for further details.

For assistance in filing a grievance or resolving a workplace concern, employees can contact the Director of Business and Human Resource Services.

Not all workplace concerns may be subject to the grievance procedure outlined in Policy 527. In the event that an employee has concerns that are not subject to a specific grievance procedure, the concern may be brought to the attention of the appropriate principal or director. The principal or director will first work to resolve the issue. If the matter remains unresolved, it may be brought to the District Administrator who will review the matter. The decision/resolution of any non-grievable matter by the District Administrator will be final.

5.10 HARASSMENT

The District is committed to providing a courteous and professional work environment that is free of discrimination and/or harassment. The District wants its workplace to be free from physical, psychological and verbal harassment based on any legally protected characteristic, including but not limited to, an individual's race, color, religion, national origin, sex, age, marital status, ancestry, sexual orientation, arrest or conviction record, use or nonuse of lawful products off-duty, veteran status or disability.

Examples of this conduct prohibited by the District's harassment policy include, but are not limited to, unwelcome sexual advances, requests for sexual favors or physical conduct of a sexual nature or the making of any employment decision based upon submission or rejection of sexual harassment. The District also prohibits unwelcome comments, insults, name-calling, jokes or other remarks and physical, verbal or psychological abuse, based on an individual's gender, race or other protected characteristic. This or similar conduct is offensive and inappropriate in the workplace. The District will not tolerate any form of harassment. Such conduct will be the basis for disciplinary action, up to and including discharge.

If an employee has experienced or witnessed harassment or retaliation, the employee should immediately report the incident to the Director of Pupil Services, who serves as the District's complaint officer, or the District Administrator. The District will immediately investigate complaints and take whatever corrective action necessary. Law enforcement may become involved should the investigation warrant. The District forbids retaliation against anyone who reports harassment or who cooperates in the investigation of a harassment complaint.

5.11 THREATENING BEHAVIOR

The goal of the School District of New London is to provide a work environment that is free of threatening and intimidating behaviors.

Any staff member, who believes that he/she has been the victim of a threat or intimidating behavior, or who has observed threatening/intimidating behaviors, should promptly report it to his/her building principal or supervisor. If the alleged threat was made by the employee's supervisor or principal, then the employee should promptly report the concern to the Director of Business and Human Resource Services. Law enforcement may become involved should the investigation warrant.

5.12 CONFIDENTIALITY

District staff often has access to confidential information. This confidential information may include access to information regarding students, families and other employees. Staff must always be mindful to only disclose confidential information when it is professionally appropriate to do so (i.e. problem solving team, referrals, etc.). In sharing information contained in student records, disclosure should only be made to fellow staff members if there is a legitimate educational interest in the information being shared. Discussions of such nature should be held in private areas within the school. Care needs to be taken that confidential discussions do not take place in the lounge or other areas where privacy is limited. Any protocols, anecdotal records, or electronic transmissions once shared with another individual, are no longer considered professional notes; they are considered part of student records and parents have access rights to the materials.

5.13 COPYRIGHT

The School District does not condone the illegal use or reproduction of copyrighted materials in any form. Employees, who willfully disregard the School District of New London Copyright Policy, assume all liability and may be subject to disciplinary measures by the District. Copyright guidelines are available in each library media center.

5.14 FINANCIAL CONTROLS

Fraud or Financial Impropriety Controls

Employees must adhere to all internal controls that deter and monitor all fraud or financial impropriety in the District. Any person who suspects fraud or financial impropriety in the District will report the suspicions immediately to any supervisor, the Director of Business and Human Resource Services, the District Administrator, the Board President or local law enforcement. Reports of suspected fraud or financial impropriety will be treated as confidential to the extent permitted by law. Limited disclosure may be necessary to complete a full investigation or comply with law. Each employee who supervises or prepares District financial reports or transactions will be expected to set an example of honest and ethical behavior and will actively monitor his/her area of responsibility for fraud and financial impropriety. Neither the Board nor any District employee will unlawfully retaliate against a person who in good faith reports perceived fraud or financial impropriety. Employees who engage in fraud or other financial impropriety may be disciplined, up to and including discharge.

5.15 PROCUREMENT/REQUISITIONS

Purchasing, Trading, or Binding the District

Purchasing, trading or in any way attempting to bind the District to the purchase of any item in the name of the school is illegal. Personal liability for the costs of such an arrangement may fall to the employee who violated this regulation.

Any arrangement which expresses or implies a District obligation to purchase, “try out”, or in any way utilize materials must be evidenced by an approved purchase order. All budgeted items must be processed through the Director of Business and Human Resource Services, Building Principal, Director of Teaching and Learning, or Director of Pupil Services, whichever the case may be prior to ordering. Budget Request Forms and Purchase Orders will be required for all purchases unless indicated otherwise by the immediate supervisor. Do not order materials by phone without a purchase order number. ***Do not purchase supplies with personal cash without pre-approval. There is a risk that this may not be reimbursed. As a public school district, we are not required to pay sales tax. Sales tax will not be reimbursed.***

Ordering from Student Activity Account

All funds belonging to a school group are placed within the Student Activity Account kept in the main office and operated through the general fund. Any money earned by an activity group is to be deposited to this account, so that the local activity books and the office books can be balanced against one another to insure proper credit to each school organization.

The expenses for the group are to be paid out through this account through the use of the Request for Payment forms available in the office. For the payment of any expenditures of the organization, the group advisor must fill in the information requested on the form, and must also attach a ***copy of the invoice to be paid***. If it is a “Student Activity Account” the club name and student officer name should be on the request. The form will then be countersigned by the principal, and the amount paid. Activity account funds are **not** to be used for classroom instruction supplies.

All money collected must be kept in the main office. Do not hold checks or cash in the individual classroom. **Timely deposits of monies are required.** Staff is encouraged to collect money via E-funds whenever possible.

5.16 STAFF GIFTS

The Board of Education considers the presentation of gifts to staff members by students and their parents an undesirable practice because it tends to embarrass students with limited means and gives the appearance of currying favor.

Based on the foregoing premise, it is the policy of the Board that staff members may accept gifts of only nominal value from students or parents.

Individual gifts from the staff member to each student are strongly discouraged. It is suggested that if a staff member wishes to give a gift, he/she may do so as a gift to the classroom (e.g., library books or other educational resources for the class).

The School District of New London forbids employees from accepting anything of value from salespersons who contact them attempting to sell products to the School District of New London.

Staff members must avoid situations in which their personal interests, activities and associations may conflict with the interests of the District. If such situations threaten a staff member's effectiveness within the school system, the District Administrator will evaluate the impact of such interest, activity or association upon the staff member's responsibilities.

- ✓ Staff members should not give work time to an outside interest, activity or association without valid reason to be excused from assigned duties.
- ✓ Staff members who are assigned a coaching position within the School District of New London will discuss their coaching schedule with their building principal prior to the start of coaching season. SECTION 6 - SAFETY AND HEALTH

6.1 SAFETY

The School District of New London is committed to providing a safe and healthy working environment. It is the responsibility of each individual to observe safe work practices and follow the safety rules at all times. The District is vitally interested in the employee's safety and well-being, and employees should report all potential safety concerns to his/her immediate supervisor whenever such conditions are observed. Employees who have an unresolved workplace safety concern may file a written grievance, within ten (10) working days of when the employee has actual or reasonable knowledge of the alleged workplace safety issue.

Employees leaving the building during the regular work day should follow building procedures for signing out of the building in accordance with school safety plans.

Reference to: Policy 527 Grievance Procedure

6.2 EMERGENCY PREPAREDNESS

All employees must become familiar with building procedures and protocols in the event of an emergency such as fire, tornado, intruders, etc. When drills are staged, staff members and students are expected to participate and must follow proper procedures.

6.3 WEAPONS

Except as provided in Policy 832, staff members are prohibited from possessing, storing, making or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned or contracted for by the District, a school-sponsored event or in a District vehicle without the permission of the District Administrator.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3), guns of any type, including air and gas-powered guns—whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition and explosives.

The District Administrator will refer a staff member who violates this policy to law enforcement officials. The staff member will also be subject to disciplinary action, up to and including termination.

Any staff member who has reason to believe that a person has or will violate this policy is required to report to the school principal, their supervisor, or law enforcement immediately. Failure to report such information may subject the staff member to disciplinary action, up to and including termination.

6.4 IDENTIFICATION BADGES

As part of the effort to ensure a safe and secure environment, each employee will be issued an identification badge. 6.5 DISTRICT VISITORS

Schools frequently receive visitors from the community. The District expects all employees to extend courteous and friendly treatment to all visitors. The impressions visitors receive from the employees, and from the condition and appearance of the schools, can have an important influence on how these people feel toward our District and what we do. However, to ensure the security and safety of our school buildings, all staff members must assist in ensuring that visitors comply with building level visitor procedures. Professional Educators must inform the school office of classroom visitors prior to the visit and all visitors **must** report to the school office and sign in.

Any guest that is entering a school building must sign in at the main office, receive and wear, in an appropriate visible location, a School District identification badge designated for visitors, vendors, volunteers or substitute teachers.

Reference to: Policy 860 School Visitors

6.6 KEYS AND BUILDING SECURITY

School keys or fobs are to be kept in the possession of the employee at all times. **Students should not have access to school keys.** Report the loss of any key or fob immediately. All keys must be turned in on the last day of school unless previously cleared through the building administrator.

To assist in securing the buildings when not occupied, employees should close and lock all classroom doors at the end of each day. Since the District has security systems in all buildings, please check custodial schedules with the building office. Unauthorized entry into buildings on weekends or evenings when custodians are not on duty and security systems have been activated, could result in a visit from a representative of the New London Police Department.

Outside doors are secured during the school day for the safety of children and staff. Propping doors open is a breach of security.

6.7 STAFF WELLNESS

The District will maintain a Wellness Committee with the purpose of monitoring the implementation of the District's wellness plan. This committee will be responsible for evaluating the general health trends of the District and creating specific goals in order to successfully implement and assess the effectiveness of the wellness plan. Members of the Wellness Committee will inform staff of the wellness opportunities as they arise.

All employees of the District may have access to the fitness facilities of the District outside of their respective workday provided they are supervised by at least one other competent person in case of an emergency situation. Participation is optional and employees assume their own risk in participation.

6.8 ALCOHOL AND OTHER DRUGS

All employees will remain free of alcohol or non-prescribed, controlled substance abuse in the workplace throughout his/her employment.

It is prohibited for employees in or on school property, District-owned or contracted vehicle at school-sponsored activities to use, possess, dispense, distribute, manufacture, transfer, sell or possess with intent to sell controlled substances, alcohol or drug paraphernalia (as defined by local state and federal statutes); or be under the influence of alcohol or controlled substances. Employees who violate this policy may be subject to discipline, up to and including discharge.

The District encourages employees who are experiencing issues with drugs or alcohol to utilize the District's Employee Assistance Program (EAP) to receive free, confidential support. The EAP can be accessed by calling 1-800-236-3666. No staff member will have his/her job security or promotion opportunities jeopardized by his/her request for counseling or referral assistance.

6.9 USE OF TOBACCO ON SCHOOL GROUNDS

The Board of Education is committed to providing students, staff and visitors with a tobacco-free environment. The Board prohibits the use of tobacco in any form including, but not limited to, cigarettes/e-cigs, cigars, snuff and chewing tobacco on District premises, in District vehicles, within any facility-owned or leased or contracted for by the District, and used to provide education or library services to children, and at all District-sponsored events. Employees who violate this policy may be subject to discipline, up to and including discharge.

Tobacco cessation programs are available and encouraged by utilizing the District's Employee Assistance Program (EAP) to receive free, confidential support. The EAP can be accessed by calling 1-800-236-3666. No staff member will have his/her job security or promotion opportunities jeopardized by his/her request for counseling or referral assistance.

6.10 ACCIDENT REPORTING, INJURY REPORTING, AND COMPENSATION FOR LOST WAGES

Any employee injury should be reported within 24 hours or as soon as practical to the Director of Business and Human Resource Services. An injury report is not to be completed by the school nurse—the report must be completed by the Director of Business and Human Resource Services as soon as possible. In the event of serious accidents or injuries, help should be summoned immediately by dialing the emergency number: 911.

The District will compensate employees for lost time in compliance with the Worker's Compensation laws applicable to employees in the State of Wisconsin. Employees may be required to use available sick leave to continue wages if not eligible for Worker's Compensation benefits.

During any period of recovery, the employee will continue to be covered by all District insurance plans.

6.11 HOUSEKEEPING/ENERGY CONSERVATION

Good housekeeping promotes not only a safe workplace, but also a positive learning environment. Employees are expected to maintain a clean and orderly workplace at all times. It is a sign of pride, visible to all who visit the school or office.

In an effort to reduce our utility costs and model responsible citizenship, guidelines below with regard to creature comforts in individual classrooms should be followed:

1. No personal coffee pots, refrigerators, microwaves, plug in scented candles, or other appliances in classrooms. These conveniences are restricted to central locations such as teacher lounges.
2. Turn off lights when the room is unoccupied, even for a short time.
3. Shutdown your computer each night and unplug over long breaks.
4. Keep windows closed during heating and cooling seasons.
5. Do not block outside doors open.

Exceptions to these guidelines will be considered with justification by the Director of Business and Human Resource Services.

Reference to: Policy 733 Energy Management

6.12 DRESS CODE

A professional standard of dress requires that staff members should be readily distinguishable from students. Positive role modeling is a part of the employee's professional responsibilities. Staff should never underestimate the power of appearance. The manner in which staff members dress sets the climate for the learning environment as well as creates an impression on parents and the community.

Staff should dress in a manner and have an appearance that is appropriate and consistent with the environment in which they work, the duties of their jobs, and the impressionable youth they serve. Administrators at the school level are authorized to provide interpretations of this policy and will be given deference. Please adhere to the following guidelines:

- ✓ Appropriate attire must be consistent with the employee's activities. In most cases jeans are too informal for business casual workplaces. Exceptions to this general rule would include employees who by the nature of their job are confronted by machinery or an otherwise dirty environment that would make it impractical for business casual dress. This may include but not limited to Technology Education or Physical Education Professional Educators, custodians, and maintenance staff.
- ✓ Employees should be groomed in such a way that their dress does not cause a health or safety hazard. Sloppy shoes including worn sneakers, flip-flops, shoes with very high heels or other footwear that could be considered as hazardous are not appropriate.
- ✓ Employees should be groomed in such a way that their dress or grooming practices do not disrupt the educational process. Appropriate attire should not be revealing, morally questionable or otherwise provocative because it is considered to be a distraction to the learning environment and not appropriate for the school setting. Shorts are not to be worn during the instructional day.
- ✓ The building Principal may on occasion endorse a special day for school spirit or team camaraderie. There may be legitimate reasons to dress down, but worn, dirty, or ragged clothing will not be permitted. If it's not clean, pressed, and in good repair, it is not for a professional setting such as school.

SECTION 7 - STUDENT SUPERVISION AND WELFARE

7.1 INTRODUCTION

All staff should be familiar with the Board policies that define our obligations toward our students to create a safe, positive and nurturing learning environment. This section of the handbook briefly summarizes these policies. However, on a daily basis, acting

affirmatively to build a positive school climate by building respectful relationships, assisting students in meeting building level expectations for student behavior and building positive communities of support within each school and classroom is the best prevention:

“Research indicates that creating a supportive school climate is the most important step in preventing harassment. A school can have policies and procedures, but these alone will not prevent harassment. This is the kind of good preventive work the field needs to help ensure that schools provide a safe and welcome environment for all students.”

Protecting Students from Harassment and Hate Crime: A Guide for Schools, U.S. DOE (1999).

7.2 STUDENT RELATIONS

All District personnel will recognize and respect the rights of students, as established by local, state and federal law. Employees will, at all times, maintain a professional relationship and exhibit a professional demeanor in their interactions with students. Employees will not use profane or obscene language or gestures in the workplace. Further, employees will refrain from engaging in any actions or conduct of a sexual nature (verbal or physical) directed toward a student, including, but not limited to, sexual advances, activities involving sexual innuendo, or requests for sexual favors or sexually explicit language or conversation. Employees will not form inappropriate social or romantic relationships with students, regardless of whether or not the student is 18 years old. *(Also see Section 8.4 Social Media Guidelines.)*

7.3 ABUSE AND NEGLECT

All school personnel are mandated reporters of suspected or threatened child abuse or neglect to the appropriate county departments or agencies in accordance with the state statutes.

A person making a child abuse or neglect report in good faith may not be discharged from employment, disciplined, or otherwise discriminated against in regard to employment, or threatened with any such treatment for making such a report.

Every District employee will receive Wisconsin Department of Public Instruction (DPI)-provided training in identifying children who have been abused or neglected and the laws and procedures governing the reporting of suspected or threatened child abuse or neglect.

It is the obligation of the staff member to make the report of suspected abuse or neglect. A form is available for completion in a three-part format. The report form goes

to Child Protective Services, a second copy is given to the building principal, and a third copy is retained by the reporter. Supports in completing the form may be provided by the building principal, guidance counselor, or school psychologist. Reports shared with administrators are to inform and not meant to be a catalyst for further investigation or will not be an attempt to delay, modify, or prevent any reports of suspected child maltreatment.

When reporting to the Child Protection Unit of the appropriate county of residence, the reporter will be asked the following information:

- ✓ The names, telephone number, and addresses of the child, his/her parents or whoever is caring for him/her.
- ✓ The child's age and date of birth.
- ✓ The nature and extent of injuries and/or condition.
- ✓ Information given as to the cause of the injury. Direct quotes from the child are strongly recommended in filing the report.

Child Protective Services contacts are as follows:

Waupaca County (715) 258-6300
Outagamie County (920) 832-5161
Winnebago County (920) 236-4600

Employees who violate this policy may be disciplined, up to and including discharge.

7.4 STUDENT BULLYING

The Board of Education is committed to providing a safe, positive, productive and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying toward a student, whether by other students, staff or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal and psychological abuse. The Board will not tolerate any gestures, comments, threats or actions which cause or threaten to cause bodily harm or personal degradation.

This policy applies to all activities in the District, including activities on school property, including at any of the school buildings or other property used exclusively or in part, whether leased or owned by the District, for the purpose of school-related functions or events; or while traveling to or from school or to and from school-sponsored functions or events; in transporting vehicles arranged for by School District officials. The policy applies as well during activities that occur off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the supervision of school authorities, or where an employee is engaged in school business.

Any employee who has knowledge of conduct in violation of Policy 443.71 is required to immediately report his/her concerns to an administrator. Administrators have responsibility for conducting timely investigations concerning claims of bullying. The investigator(s) will be a neutral party having no direct involvement in incident(s) upon which the complaint is based.

Employees who violate this policy may be disciplined, up to and including discharge.

Reference to: Policy 443.71 Bullying

7.5 SUICIDE PREVENTION

Threats of suicide should be reported to a school counselor or other appropriate pupil services staff member and the building principal. In cases of an extreme danger, the police should be contacted immediately.

A Crisis Manual, found in each building office, has been developed for issues relating to student sudden death and suicide prevention, intervention, and post-intervention. Additional information can be obtained by contacting the Director of Pupil Services, building principals, school counselors, school nurse, or school psychologists.

7.6 STUDENT LOCKER ROOM PRIVACY

The School District of New London will observe measures intended to protect the privacy rights of individuals using school locker rooms. Locker rooms are provided for the use of physical education students, athletes, and other activity groups and individuals authorized by the building principal or by District policy. No one is permitted to enter into the locker room or remain in the locker room to interview. No cameras, video recorders, cell phones, or other devices that can be used to record or transfer images may be used in the locker room at any time. Students and staff violating this policy will be subject to school disciplinary action and possible legal referral.

SECTION 8 - COMMUNICATION POLICIES AND PRACTICES

8.1 MEDIA CONTACT AND PUBLIC DISCUSSION

News media contact, responses and public discussion of District business should only be made through the District Administrator or designee in his/her absence.

Reference to: Policy 724 Media Contact During School Emergency

8.2 CELL PHONES AND OTHER PERSONAL COMMUNICATION DEVICES

The inappropriate use of personal communications devices is prohibited during work hours and in work areas and any personal use must not disrupt the educational

environment. While at work, employees are expected to exercise the same discretion in using personal communication devices as is expected for the use of District phones. Use of any electronic communication devices in locker rooms is strictly prohibited. In addition, the District will not be liable for the loss of personal electronic devices brought into the workplace.

Cell phones may be carried by staff members provided they are not used for personal business during instructional time. The only exceptions in which these devices may be used are for classroom instruction or for safety or emergency reasons during school hours or at times that are not disruptive to instruction and learning.

Where District business needs demand immediate access to an employee, the District may provide a device or stipend for work-related communications.

During meetings, conference calls, presentations, and other situations where audible ringing or beeping would disrupt business, phones and other electronic communication devices should be silenced.

Employees who violate this policy may be disciplined, up to and including discharge.

Reference to: Policy 363 Technology

8.3 DISTRICT ELECTRONIC COMMUNICATION AND INFORMATION SYSTEMS

The Board of Education is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of operations.

Employees are prohibited from using the electronic mail system, voice-mail system, Internet and/or computers in an inappropriate manner.

The electronic mail system, voice mail system, Internet access, computer hardware and software and any other electronic communication or information system provided by the District are the sole property of the District and subject to the open records policy, including all information transmitted by, received from or stored in these systems. E-mail and voice-mail may be monitored or accessed for legitimate business purposes without prior notice to protect confidential information, prevent theft or abuse of the system or monitor workflow and productivity. Employees should have no expectation of privacy when using any of these systems. Employees must understand and abide by the policy.

User passwords are issued for security reasons and should be kept confidential. They should not be shared with other individuals nor should users access other individuals' e-mail without their expressed consent.

Temporary, seasonal or substitutes, who are not issued a School District email account, must have a current e-mail address on file with the District.

All employees are subject to the District's computer use and Internet user policy, and must adhere to all its rules and policies. Failure to comply with this policy may result in discipline, up to and including discharge.

8.4 SOCIAL MEDIA GUIDELINES

When utilizing social media for school-related purposes, all employees must review and comply with the District's Social Media Guidelines (copy available on staff website). Failure to do so may result in discipline, up to and including discharge.

8.5 SOLICITATIONS AND DISTRIBUTIONS

There will be no distribution of any literature in working areas at any time by any employee. In addition, there will be no solicitation during the actual working time of the employee. Employees shall not solicit families online on behalf of the district or their position. There can be no distribution of literature or solicitations on District premises by non-employees at any time, unless specifically authorized by the Administrator. Employees who violate this policy may be disciplined, up to and including discharge. Staff may not solicit funding.

SECTION 9 - WORK DAY/HOURS

9.1 LUNCH PERIOD

All full-time staff members will have a minimum half-hour duty-free, unpaid lunch period. Those professional staff members who may volunteer for lunch duty and who, as a result, do not receive a 30-minute duty-free lunch, will be compensated for lunchroom supervision.

Lunch periods for hourly staff are unpaid. If, for any reason, non-exempt staff are unable to take their regularly scheduled lunch period, this must be noted on a time sheet and approved by the employee's supervisor.

9.2 WORK WEEK

The work week at the School District of New London is defined as Monday to Sunday for payroll purposes. Employees work a five-day schedule depending on the position and District needs.

9.3 FLEX TIME

Flex time is a schedule by which certain employees may work an alternate work schedule within specific limits dictated by the need of the job, and is subject to administrator approval to ensure District needs will not be adversely affected.

For employees who are paid on an hourly basis, flex time schedules must be properly indicated on the employee's timesheet for employees who are paid on an hourly basis. For all non-exempt (i.e., hourly) employees, all flex time must be taken within the same work week.

For professional or exempt employees, any flexible work schedule must be authorized by the supervising administrator. The administrator is responsible for monitoring the use of flexible work schedules by employees to ensure that any flexible work schedule is not abused by an employee.

9.4 PAYROLL DEDUCTIONS

Employees may authorize payroll deductions from their paycheck. Examples of types of deductions an employee may authorize are insurance premiums, flexible spending, authorized savings accounts, court-ordered wage assignments, United Way contributions, etc. In addition, the District may be required by law to garnish an employee's wages with or without the employee's permission. When an employee requests unpaid leave which is approved, a payroll deduction will take place.

9.5 SALARY DEDUCTIONS

The District is required to pay employees at least the minimum federal or state minimum wage for all hours worked and overtime pay (time and one-half) for all hours worked in excess of 40 hours in a work week. However, professional, administrative and some non-represented employees whose positions meet specific tests established by FLSA and applicable state laws are exempt from overtime pay requirements. These exempt employees are paid on a salary basis, the amount of which does not vary based on the quality or quantity of the work actually performed. Subject to certain exceptions, an exempt employee must receive a full salary for any work week in which the employee performs any work. Deductions for both exempt and non-exempt employees will only be made as authorized by the employee or as allowed under federal or state wage and hour laws.

The District is committed to making only those salary deductions which are proper under federal and state law and otherwise complying with all of the requirements of the law. If an employee has received any deduction that he/she believes to be improper, please direct the question to the Payroll Department.

9.6 SCHOOL CALENDAR

The Board of Education will establish the school calendar in compliance with state statutes and the educational interests of students. This calendar will be communicated to all employees and work schedules will be derived from it.

SECTION 10 - EMPLOYEE BENEFITS

10.1 DISCLAIMER

This section on employee benefits is a brief summary of the benefits which may be available to eligible employees. It is not intended to, nor does it, set forth in detail the terms, conditions and/or limitations of the benefit plans. Refer to the appropriate Summary Plan Document (SPD) for more detail.

Plan Documents control the operation of these benefit plans, and any conflict between the terms, conditions and/or limitations set forth in this brief summary, the Summary Plan Descriptions or the Plan Documents will be governed by the Plan Documents. The Plan Administrator, as identified in the plans, or in the absence of such a designation in the District, is vested under the plans with authority to make all determinations relative to the plans with such determinations being final and binding and subject to review under an “arbitrary and capricious” standard.

Employees do not accrue a right to receive a benefit under a policy or plan of the District unless and until the terms and conditions of the policy or plan, as may be amended from time to time, are satisfied. The benefits payable under any policy or plan are discretionary by the District and are subject to grant, restriction, elimination or recoupment at any time by the District, as it sees fit. Further, the benefits under any policy or plan are contingent upon a showing by an employee, which is acceptable to the District as determined in its sole discretion, that the preconditions for the accrual of the benefit are satisfied. The benefit offerings by the District are not accrued.

10.2 HEALTH AND WELFARE

Most employees qualify for benefits effective the first day of work. Benefits are pro-rated if an employee works less than full-time. New employees have a thirty-day window to enroll in benefits from their date of hire. Changes to insurance coverage can only be made during the open enrollment period, or if the employee experiences a “qualifying event” throughout the year. Contribution rates vary. Employees should refer to information found in the employee addendum attached for more details or contact the District Office.

10.3 EMPLOYEE ASSISTANCE PROGRAM (EAP)

All District employees and family members residing in their household have access to the District sponsored EAP program. This benefit is free to the employee. The program is based upon an employee's needs and helps solve problems through telephone or in-person consultations. The EAP can be accessed by calling ThedaCare-At-Work at 1-800-236-3666.

10.4 ELIGIBILITY FOR BENEFITS

All employee groups, regular full-time and part-time, with the exception of temporary employees, are eligible to participate in the benefits programs. However, benefit levels and specific entitlements may vary by employee group. This handbook summarizes some of the basic information about our various employee benefits. Specific benefit schedules which summarize the benefit entitlements for different employee groups will be provided to each employee group. These Summary Plan Descriptions (SPD) provide more specific information. However, should the SPD be in conflict, the benefit policy will prevail.

10.5 BENEFITS FOR PART-TIME EMPLOYEES

Benefits for part-time positions are prorated based on the percentage of time employed. The District will determine the days and hours of work and will pro-rate any benefits accordingly provided the employee qualifies for coverage under the benefit plan.

10.6 TIME OFF

Employees in our District are school-year (9-month), extended school-year (10-month) or 12-month employees. The District believes that employees should have opportunities to enjoy time away from work and recognizes employees have diverse needs for the same. Therefore, some District employees have access to vacation days, personal days or sick leave for these purposes. Employees are accountable and responsible for managing their time off to cover a vacation, funeral, illness, appointment, emergency or other need that requires time off from work.

10.7 SICK LEAVE

Eligible employees are provided with sick leave based on his or her position and prorated for part-time employees. Sick leave is provided as a benefit to assist employees who may be ill and unable to attend work. Each employee will earn one (1) day of sick leave for each month of service to a maximum of twelve (12) days per year. In general, employee sick leave accumulates from year to year as a benefit to employees. Earned sick leave not used can be accumulated to an amount equal to ten times the annual amount.

School Year Employee	Maximum 9 days/year	Maximum accumulation 90 days
Extended School Year	Maximum 10 days/year	Maximum accumulation 100 days
12-Month Employee	Maximum 12 days/year	Maximum accumulation 120 days
Professional Educators	Maximum 12 days/year	Maximum accumulation 120 days

Accumulated sick leave is calculated at the beginning of each school year with new days added on September 1.

In general, sick leave may also be used to care for the spouse, child, grandchild, sibling, parent, or grandparent of an employee. The extended use of sick leave to care for a spouse, child or parent may fall under the Family Medical Leave Act (FMLA) specifications.

A physician's statement and release may be required for absences after any three (3) consecutive days of absence from work. Medical excuses can be faxed to the District Office at 920-982-8551.

10.8 PERSONAL TIME

Eligible employees will be provided personal leave which will be deducted from the employee's sick leave. Personal time should be for a personal reason that cannot be addressed outside of the workday. Personal time may not be utilized on professional development days, the first week of academic instruction to the school year, or within the last two (2) weeks of the school year unless approved by the District Administrator or designee. The District reserves the right to deny personal time requests with less than a five (5) day notice based upon the availability of substitutes. Personal time requests made with less than a 24-hour notice will be granted for emergency reasons only and will require some verifiable evidence of the emergency situation. Employee personal leave requests may not exceed 8 requests a day District wide on any given day to maintain appropriate staffing capacity. See addendums for personal time allotted. Employees may not exceed 8 consecutive work days of leave (combination of personal and unpaid time).

Options for unused personal time:

- Unused personal time can be added back to sick leave balance at the start of the next school.
- One day of unused personal time may be carried over and utilized during the ensuing academic semester if the employee has maxed out of the sick leave accrual process.

- Unused personal time of one day or more can be paid out at \$125.00 per day to the professional educator. Notification deadline will be determined by the District.
- Unused personal time of one day or more can be paid out at \$50 per day to support staff. Notification deadline to be determined by the District.
- Unused personal time of one day or more can be paid out at a rate of \$125.00 (certified staff) and \$50 (support staff) per day as a contribution to the 403b District recognized investment program. Notification deadline will be determined by the District.

10.9 FUNERAL LEAVE

In general, employees are eligible for the following:

- ✓ Up to six (6) days to attend the funeral or life celebration of father, mother, brother, sister, wife, husband, child, son-in-law or daughter-in-law of the employee, spouse, or step family. Up to one-half of the allowed days may be taken up to 90 days after the occurrence for the purposes of dealing with issues related to the occurrence such as settling of the estate, etc.
- ✓ A two (2) day leave may be granted to attend the funeral of grandparents of the employee or spouse.
- ✓ A one (1) day leave may be granted for other relatives not listed above, but it will be deducted from the employee's accumulated sick leave.
- ✓ A one (1) day leave may be granted to attend the funeral for others not listed above, but it will be deducted from the employee's accumulated sick leave. A written request for this day must be made and approved by the District Administrator and/or designee in his/her absence.
- ✓ Additional days to extend funeral leave or to accommodate travel or extenuating circumstances may be granted by the District Administrator but the days will be deducted from the employee's accumulated sick leave. A *prior* written request for additional days must be made and approved by the District Administrator and/or designee in his/her absence.

10.10 EMERGENCY LEAVE

Sick leave may also be used for emergency leave. Emergency leave is defined as:

- ✓ Absence due to a legal transaction or a court order.
- ✓ Unforeseen circumstance or disaster type situation which requires immediate action and makes absence unavoidable, such as a traffic accident, fire, closing of public roads or airports by authorities, and storm damage.

A written request for additional emergency leave must be made and approved by the District Administrator and/or designee in his/her absence.

10.11 FLEXIBLE SPENDING ACCOUNTS

The District provides flexible spending accounts through a third party vendor. Enrollment is completed through the District Office Payroll Department.

10.12 INSURANCE

The Board will provide insurance to all eligible employees. The insurance carrier(s), program(s), and coverage will be selected and determined by the Board. Eligibility for, and payments toward coverage for individual employment groups are set forth in the Addendums covering such employees. A summary of benefits will be provided to all eligible employees as provided by the current benefit carrier.

10.13 COBRA

The District, pursuant to the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) and state law, offers employees the opportunity to remain on the District's health and dental insurance plan at the group rate where coverage under the plan would otherwise end. The District utilizes a third party vendor as its COBRA administrator.

10.14 RETIREMENT

The School District of New London pays the employer's share of the Wisconsin Retirement System (WRS) contributions for eligible employees. Eligible employees are required to make an equal contribution (the employee's share), pre-tax, towards his/her pension.

In addition to the contributions to the WRS pension plan, the School District of New London offers several deferred compensation options to encourage employees to save for their retirement years, including a voluntary 403(b) and 457 plan. Through these plans employees may defer a percentage of their pre-tax earnings.

The Board created a 403(b) matching program in 2020-21 for all employees. Annually, the Board will review the program to determine the amount of the monetary match.

The Board may provide other post-employment benefits. Any such post-employment benefit will be selected and determined by the Board. Eligibility for, and payments toward any such benefit for individual employment groups are set forth in the applicable part of the Handbook covering such employees.

SECTION 11 - LEAVES OF ABSENCE

11.1 FAMILY AND MEDICAL LEAVES OF ABSENCE (FMLA)

In accordance with federal and state law, the Board of Education will provide family and medical leave to staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern. Family and medical leave taken under this policy may be covered by federal law, state law, or both. When leave taken by a staff member under this policy is governed by both federal and state law, the more generous provision will control in the event of a conflict. However, when leaves are governed by state or federal law, but not both, the applicable law will control under this policy. In this regard, employees should note that certain leaves may be covered by both state and federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Employees are required to fill out the Family Medical Leave of Absence (FMLA) form found on the staff website. The form may also be obtained at the District Office.

- ✓ Complete the form and submit at least **30 days** in advance of a foreseeable leave of absence. Failure to provide advance notice may lead to the denial or delay of the employee's leave request.
- ✓ If the absence is not foreseeable, employees are asked to contact the District Office as soon as the leave is required to take effect, or in the event of an emergency, the day the employee returns from leave.
- ✓ The District Administrator or his/her designee will determine eligibility and provide the employee with any required forms.
- ✓ In order for a leave to qualify as FMLA it must meet at least one of the following criteria:
 - The birth of a child, or placement of a child with the employee for adoption or foster care;
 - An employee's own serious health condition; or
 - Because the employee is needed to care for his/her spouse, child or parent due to his/her serious health condition.
- ✓ A serious health condition may include any illness, injury, impairment or physical or mental condition that involves any one of the following:
 - Inpatient care (i.e., overnight stay) in a hospital or other care facility, or
 - A period of incapacity of more than 3 consecutive calendar days which also involves treatment two or more times by a health care provider or

- treatment at least one time which results in a regimen of continuing treatment under the supervision of the health care provider;
- ✓ FMLA leave is also available for a qualifying exigency due to the employee's spouse, son/daughter or parent being placed on active duty status in support of a contingency operation as a member of the National Guard or Reserves or because the employee is the spouse, son/daughter, parent or next of kin of a covered service member with a serious injury or illness.

Benefits may be affected for those that do not return from FMLA leave.

11.2 JURY DUTY/COURT APPEARANCE

In the event an employee is called for jury duty or received a subpoena for school business only, the employee will lose no compensation but will reimburse the Board for any compensation received, excluding mileage and meal allowances. Any employee who is excused from jury duty before 12:00 noon on any school day will promptly report to work.

11.3 MILITARY ACTIVE DUTY WHILE IN THE NATIONAL GUARD OR RESERVES

An employee who is called to active military service while serving in the Guard or Reserves has a legally protected position and will retain accrued benefits while on leave.

11.4 OTHER LEAVES OF ABSENCE

Additional information on unpaid leaves of absence, medical leaves of absence, unpaid vocational leaves, sabbatical leaves and childrearing leaves is found below.

Authorized Leave of Absence

After five (5) years of full-time service, employees may be eligible to take one (1) year unpaid leave of absence subject to discretion of the Board and recommendation of the District Administrator. A written request to the District Administrator will be due by February 1st in the school year prior to the school year of the requested leave. The employee on leave must request reinstatement by February 1st of school year prior to the school year of such reinstatement.

The leave is limited to one (1) year in duration except as approved by the Board. The Board has the right to make exceptions. Employees on leave may continue authorized insurance coverage (e.g., health, dental, LTD, life) at the employee's own expense. An employee returning from a leave of absence will retain fringe benefits, accrued sick leave and salary in effect prior to the leave, except that no length of service credit will be earned while on leave. A substantially similar position based on certification will be provided upon return.

Unpaid Leave

The District Administrator may grant other short leaves of absence without pay. The Board/District Administrator reserves the right to collect reimbursement for benefits following unpaid leave(s).

All requests for unpaid leaves of absence will be presented to the District Administrator for prior approval. Personal time must be used prior to accessing unpaid leave. Unpaid leave requests may be approved based upon the district's ability to appropriately staff classroom and/or work responsibilities prior to recognizing the unpaid requests. Employees may not exceed 8 consecutive work days of unpaid leave, or a combination of personal and unpaid leave.

11.5 UNAUTHORIZED ABSENCES

Absences other than those herein provided for, or failure to follow the foregoing regulations, may be sufficient grounds for discipline or dismissal.

PROF ED SECTION 1 – PROFESSIONAL RESPONSIBILITIES

PROF ED 1.1 INTRODUCTION

Professional Educators have the primary responsibility to provide opportunities for students to learn subject matter and skills that will contribute to their development as mature, able, and responsible adults consistent with the philosophy and goals of the District. That responsibility includes assessing student growth, re-teaching or applying interventions and making appropriate and necessary modifications to improve student academic growth.

Professional Educators are considered “teachers” for the purpose of issuing individual contracts. The term “teacher” in state statutes means any person who holds a teacher’s certificate issued by the Department of Public Instruction (Chapter 118.19 Laws of Wisconsin). A teaching contract cannot be issued to any person not legally authorized to teach. This includes nurses, school psychologists, school counselors, occupational therapists, and speech/language pathologists. All individual contracts will terminate if and when the authority to perform professional services terminates. Evidence of such authorization (license) must be filed with the District Administrator before the effective date of contract.

If a Professional Educator changes his/her certification with the Department of Public Instruction, he/she should notify the District Administrator in writing by the February 1 immediately following such change.

The Professional Educator is expected to perform at a professional level of competence the services, duties and obligations required by the laws of the State of Wisconsin and the rules, regulations and policies of the Board which now exist or which may be enacted by the Board. All such rules, regulations and policies now in effect or subsequently becoming effective will be accessible to all Professional Educators.

The Board will provide the Professional Educator with a written position description outlining the Professional Educator’s services, duties and obligations. The Professional Educator is expected to effectively meet the duties and responsibilities normally expected of the Professional Educator’s position and will not engage in any pursuit which interferes with the proper discharge of such duties and responsibilities.

The Professional Educator is expected to participate in professional meetings, conferences and college level courses for the purposes of improving and stimulating their own professional growth and that of others. Participation will be in accordance with Board policies and rules. Necessary expenses will be paid for these meetings as provided by Board policy and state statutes.

The Professional Educator is also expected to meet and support the attainment of the success indicators for all professional staff of the District as listed.

Finally, the Board has adopted a Strategic Plan that should direct the efforts of every Professional Educator.

PROF ED 1.3 STRATEGIC PLAN

The School District of New London Continuous Improvement Strategic Plan is as follows:

- **DISTRICT STATE REPORT CARD**

We will work to enhance the District State School Report card annually from the Wisconsin Department of Public Instruction, with continued focus on the multiple indicators for student learning which include Student Achievement, Student Growth, Target Group Outcomes, and On Track to Graduations.

- **LEARNING & ACHIEVEMENT**

We will promote the highest levels of academic achievement through effective teaching strategies, intellectual engagement and differentiation to meet the needs of all students. With an emphasis on actionable outcomes developed through Professional Learning Communities, we will support student exploration, critical thinking, collaboration and creativity to ensure all students are college- and career-ready and life-long learners.

- **FINANCIAL & OPERATIONAL STABILITY**

We will work within a fiscally responsible framework that supports an educational system with consistent approaches to maximize local, state and federal funding. Focused on respecting and seeking support from community stakeholders, we will develop financial resources with a sustainability principle to achieve preferred district results that best serve students, staff, district facilities and the school community.

- **SAFE, ORDERLY & HEALTHY**

We will create and promote safe learning environments that support the physical, social and emotional well-being of students, staff and the school community. To enable responsiveness to emergencies, the district will provide preventive training and resources and support the review and practice of safety strategies.

- **ENGAGED & CONNECTED**

We will build relationships and develop engaged and connected school communities by providing transparent communication and collaboration with all of our stakeholders. Responding to continuous feedback, we will make sure our school community is welcoming to and representing all students, families and staff.

The Board of Education annually establishes goals in support of the adopted strategic plan for the District. All School Improvement Plans and individual Professional Growth Plans must be in concert with the adopted goals of the District.

PROF ED 1.4 STUDENT SUPERVISION

Because of their proximity to students, staff members are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the staff member. All staff members are responsible for exercising care and supervision for students under their supervision, and to assist in general supervision of school expectations and norms for all students. The District expects all staff to help create a positive learning environment for all students by modeling positive behaviors and consistently reinforcing behavioral expectations for students. To this end, all staff must be familiar with the behavior expectations for students at his or her school. In addition, staff members should adhere to the following guidelines:

- ✓ Each staff member will maintain a standard of care for supervision, control, and protection of students commensurate with assigned duties and responsibilities.
- ✓ A staff member should not volunteer to assume responsibility for duties he/she cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- ✓ Each staff member will report immediately to the principal knowledge or suspicion of illegal tobacco, alcohol, or drug use by students on school property or at a school event.
- ✓ A staff member will provide proper instruction in the safety matters presented in assigned course guides.
- ✓ Each staff member will immediately report to the principal any accident or safety hazard he/she detects.
- ✓ Each staff member will immediately report to the principal any knowledge of threats of violence by students.
- ✓ A staff member will not send students on any personal errands.
- ✓ A staff member will not associate with students, at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol or drugs. This provision should not be construed as precluding a staff member from associating with students in private for legitimate or proper reasons.
- ✓ If a student comes to a staff member to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health and/or family relationships, the staff member may help the student make contact with certified or licensed individuals in the District or community who specialize in the assessment, diagnosis and treatment of the student's problem. Under no circumstances should a staff member attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose or treat the student's problem or behavior.
- ✓ A staff member, in the performance of their professional responsibilities, will not transport students in a private vehicle without the approval of the principal.

- ✓ A student will not be required to perform work or services that may be detrimental to his/her health.

PROF ED 1.5 STUDENT DISMISSAL FROM CLASS

Behavior—Occasionally, a Professional Educator may find it necessary to dismiss a student from class for inappropriate behavior. No student should be permitted to disrupt the learning process for other students in the class. If it is necessary to dismiss a student from class, ask the student to report to the office. Call the office from the classroom phone system. As soon as practical, the Professional Educator should follow up in writing and report to the office to discuss the incident with the Principal or Assistant Principal. The student should not return to class until efforts have been made to resolve the situation. Professional Educators who dismiss a student from class should contact the parents of the student to explain the situation.

Other—No student will be permitted to be released from school or leave school grounds during regular school hours unless the parent or guardian requests such release in writing or through personal communication and with the approval of the building principal or designee. If a student needs to be picked up early from school, a parental note must be given to the Professional Educator so that the student can be ready.

Reference to: Policy 436 Dismissal During School Hours – Student

PROF ED 1.6 HALL AND TRAFFIC SUPERVISION

Professional Educators should be familiar with traffic patterns within the building, and should be in the halls during passing times to supervise student movement, except during their thirty-minute lunch period. Standing outside the classroom enables the Professional Educator to supervise the students moving to and from the room and the immediate hall area. Professional Educators should follow these same procedures during the afternoon dismissal. Student supervision is important and Professional Educators need to control the noise, orderliness, and general behavior of students. Professional Educators are to make every effort to be in the corridor to supervise students.

PROF ED 1.7 STUDENTS KEPT AFTER SCHOOL

Elementary students are expected to go directly home or to the District's after-school program at the close of school. If any student remains after school for a legitimate reason (special help, extracurricular activities, or to help the Professional Educator), the parents must be notified. Bus students must not be held after school unless a parent consents and transportation is arranged. Professional Educators keeping students after school for make-up or disciplinary reasons ***must see that parents are made aware one day in advance.***

PROF ED 1.8 INSTRUCTIONAL PLANNING

Careful and detailed planning is a fundamental of good teaching. Detailed plans are also necessary for use by substitute teachers. Daily lesson plans should be developed by each Professional Educator as a vital part of classroom planning and may be asked to be viewed by

the Principal. Daily plans must be easily accessible to a substitute teacher in the event of a Professional Educator absence.

PROF ED 1.9 SUBSTITUTE TEACHERS—CONSISTENCY/EXPECTATIONS

A folder marked “Substitute Teacher” will be maintained in the office if the situation arises that a Professional Educator must be absent. This folder will include; up-to-date lesson plans, seating charts, daily class schedule, class lists, absence slips, building floor plan, bell schedule, and routine supervisory responsibilities. AESOP/Frontline should also be used to post materials for a substitute teacher.

Reference to: Admin Guideline 535.11 Use of Conference/Preparation Periods

PROF ED 1.10 LEAVING SCHOOL

Any Professional Educator who leaves school, for any reason during the regular work day, must sign out at the school office and sign in upon return. This can also be completed by phoning the main office from the classroom. If a Professional Educator leaves the building during their lunchtime, the Professional Educator should sign out and in upon their return. This will assist the office personnel in knowing if the Professional Educator is in the building if that Professional Educator is needed.

If Professional Educators need to leave school early, they must receive permission from the school principal. When possible, Professional Educators will see the principal in person to receive permission; if the principal is absent, please contact another administrator. If the principal is unable to explain a Professional Educator’s absence, the Professional Educator and the principal, as well as the entire school system, receive a negative public impression. Professional Educators who are assigned a coaching position within the New London School District will discuss their coaching schedule with their building principal prior to the start of coaching season. Professional Educators who choose to coach outside of the New London District are required to follow the contracted hours of the school day. Professional Educators who fail to comply may be subject to discipline, up to and including discharge.

PROF ED 1.11 INCLEMENT WEATHER—SCHOOL CLOSING

If school should close because of inclement weather and the DPI requires the days be made up, the school calendar will be extended beyond these days without additional compensation.

PROF ED 1.12 ADMINISTRATIVELY CALLED MEETINGS

Administration may from time to time find it necessary to call a meeting beyond the daily school schedule (see Section PROF ED 2.1 for schedule) to conduct school business or communicate important information. Regular and routine information should be shared via communiqués to respect Professional Educator time. Meeting time should be established well in advance so that employees may make necessary arrangements. Emergency circumstances may necessitate short notice. When administratively called meetings are scheduled, Professional Educators are expected to attend and actively participate. In case of duplication,

attendance at one meeting will be determined by the building principal. Failure to attend meetings as directed may be subject to discipline, up to and including discharge.

PROF ED 1.13 COMMITTEE WORK

Professional Educators will attend committee meetings upon request of the Chairperson of the committee. In case of duplication, attendance at one meeting will be determined by the principal. Committee membership is recognized as valuable in achieving the established goals of the District. Although committee membership is voluntary, participation in these committees is considered as adding value to the organization.

PROF ED 1.14 COLLABORATION TIME

The day has been extended one day per week to provide for collaboration time between departments, grade level teams or other collaborative teams.

PROF ED 1.15 PARENT CONFERENCING

Communicating the performance of each student is a critical aspect of each Professional Educator. Each educator is responsible for effectively doing so. Professional Educators will actively communicate with parent/guardian when a child's academic performance declines from the usual or failure is found. It is expected that parent/guardian will be contacted via multiple communication methods to inform of academic status. Documented contact with parent/guardian must be confirmed, i.e., e-mail, phone conference, in-person meeting.

PROF ED 1.16 OPEN HOUSE

An open house event is scheduled at the start of each new school year to build home/school relationships. When an open house is scheduled at each school, Professional Educators providing services to that school are expected to be in attendance. In case of duplication, attendance at one open house will be determined by the principal.

PROF ED 1.17 IEPs

Special Education laws require the development of an Individual Education Plan for each student identified as a student with a disability. These plans are to be developed as a team including the educational professionals and parents. When notified, participation in the IEP meeting and plan development is expected.

PROF ED 1.18 SELECTION OF MATERIALS

The School District has the responsibility to provide adequate materials, texts, and library services which reflect the cultural diversity and pluralistic nature of the American society. The District will not discriminate in the selection and evaluation of instructional and library materials on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability.

PROF ED SECTION 2 – PROFESSIONAL HOURS AND WORKDAY

PROF ED 2.1 PROFESSIONAL WORK DAY

Education and teaching is a professional occupation. The professional staff is expected to be with students for their supervision and instruction and to be present at those times needed to carry out their professional responsibilities. The schedule of each building will be developed by the District and is as follows:

School	Student Day	Professional Staff Day (M,T,Th)	Professional Staff Day (W)	Professional Staff Day (F)
Elementary	8:10 a.m. – 3:10 p.m.	7:50 a.m. – 3:30 p.m.	7:50 a.m. – 4:00 p.m.	May leave at the end of the academic day when responsibilities have been met
Intermediate / Middle	8:05 a.m. – 3:22 p.m.	7:50 a.m. – 3:30 p.m.	7:50 a.m. – 4:00 p.m.	May leave at the end of the academic day when responsibilities have been met
High	7:55 a.m. – 3:15 p.m.	7:50 a.m. – 3:30 p.m.	7:50 a.m. – 4:00 p.m.	May leave at the end of the academic day when responsibilities have been met
High School Early Bird	7:00 a.m. – 2:20 p.m.	6:50 a.m. – 2:35 p.m.	6:50 a.m. – 4:00 p.m.	May leave at the end of the academic day when responsibilities have been met

This chart represents a generally acceptable work day for Professional Educators. However, the work day is presumed to be an eight-hour work day for professional staff members, excluding lunch. The District recognizes that variation from this daily schedule may occur based on assigned responsibilities, professional obligations, and transportation schedules.

Educational and other professional requirements may make it necessary for occasional changes in normal starting and ending times. Alternate work schedules to better serve the needs of students may be developed between the District and individual staff members.

Generally, professional staff must be present during the student school day and whenever they have assigned duties. Professional Educators are expected to assume responsibility for a reasonable amount of work on curriculum projects, attendance and participation in faculty and departmental meetings, supervision of students, parent/teacher conferences, open house and other similar duties. From time to time, meetings may occur outside of a professional staff

member's normal work hours. Professional Educators should generally be available either before or after school to meet with parents or students.

Professional Educator hours and workday may be adjusted by the District Administrator and/or designee due to unprecedented events, i.e., COVID-19.

PROF ED 2.2 PART-TIME PROFESSIONALS

Part-time positions are prorated based on the percentage of time employed. Part-time Professionals are employed under a regular teaching contract. Part-time Professionals are responsible for attending all faculty meetings, as well as inservice presentations and meetings, attending parent/teacher conferences, and open houses. They are expected to attend Special Education/IEP meetings when they affect students in their charge by invitation.

PROF ED 2.3 PREPARATION AND COLLABORATION TIME

The District understands that preparation time for professional staff is integral for successful instruction. Time throughout the work day, where staff do not have assigned teaching or other responsibilities, should be used by Professional Educators to prepare for classes. Such preparation time may be used to assist students individually or in small groups, meet with colleagues or administrators, prepare lessons, grade papers or meet with parents or other professionally appropriate tasks.

In addition, the District specifically reserves time on Wednesday afternoons to allow for professional collaboration. This collaboration time is essential to promoting learning for all of our students.

PROF ED SECTION 3 – MENTOR PROGRAM

The District is committed to assisting employees new to the profession with quality professional development during their initial years of employment with the District.

The District will provide a mentor for each Initial Educator. Mentors will be chosen by the District Administration. The District reserves the right to use qualified persons who are not District employees or continuing Professional Educators. Mentoring responsibilities will be outlined at the time of appointment.

PROF ED SECTION 4– PROFESSIONAL DEVELOPMENT AND CONTINUING EDUCATION

PROF ED 4.1 REQUIREMENT TO REMAIN CURRENT

It is a professional requirement to remain current in both the content and pedagogical development of the chosen professional field of practice.

PROF ED 4.2 STAFF DEVELOPMENT

Inservice times are provided to meet the training needs of the staff. Such times are scheduled based upon current initiatives of the District. Time may also be used to share necessary information to staff regarding the safe and effective operation of the school or to meet specific notice requirements of law. Full participation in inservice activities is expected. Special work periods are established annually in the school calendar for the development of new courses, rewriting the present curriculum, for improving communications among grade levels and divisions. Time is also allocated for the maintenance of records and preparing classrooms.

PROF ED 4.3 PROFESSIONAL GROWTH PLAN OR PROFESSIONAL DEVELOPMENT PLAN

Each Professional Educator is expected to fulfill Educator Effectiveness expectations by recognizing a Professional Goal Setting plan that includes Student Learning Objective (SLO), and a Professional Practice Goal (PPG) acknowledgment linked to the District and or school improvement goals. These plans are to be reviewed and updated on an annual basis.

PROF ED 4.4 ATTENDING OUT-OF-DISTRICT WORKSHOPS, INSTITUTES, OR CONFERENCES

Professional development is available through building budgets, federal entitlements, and various program budgets. This provides the opportunity for Professional Educators to self-initiate requests to attend an out-of-District workshop, institute, or conference. Appropriate forms must be completed and submitted to the building principal and/or director for prior approval to attend.

PROF ED SECTION 5 – SUPERVISION AND EVALUATION

Evaluation is an important procedure in facilitating personal/professional growth for staff members and for improving the instructional program for students. The procedures document both the effective and/or distinguished performance of classroom Professional Educators as well as the areas for development or where improvement may be needed. Unacceptable performance will also be identified.

The performance review process permits the Professional Educator to engage in reflective practice by assessing his/her own performance in relation to the specific position and expectations of the job. This reflective practice must be informed by meaningful data and feedback. This feedback may come in several formats including a review of student achievement, student surveys, electronic or hardcopy communications from a supervisor and other data as deemed appropriate by the District or state.

Per Wis. Stat. Sec. 120.02(1)(q), the District will “evaluate, in writing, the performance of all certified school personnel at the end of their first year and at least every 3rd year thereafter.” In order to meet this obligation, it is the goal to provide each Professional Educator with an annual performance review to provide meaningful feedback to the Professional Educator in a continuous improvement model. Each year, performance feedback is given to professional educators in their 3-year review cycle through observations. In addition, staff in their summative review year cycle receive formalized performance evaluations. All Professional Educators are expected to work to improve their practice regardless of past success, with the recognition that improvement becomes incrementally more difficult as one approaches excellence.

The decision to move a Professional Educator into an intensive support process is the responsibility of the immediate supervisor in consultation with the director team. As with any form of Professional Educator evaluation, such a decision is based on the evaluator’s professional judgment. The supervisor may form this judgment at any time, regardless of whether a formal evaluation has occurred. When, in the judgment of the supervisor, a significant area for improvement is identified and communicated to the professional staff member, a plan of improvement will be developed. The goal of this intensive support is for the Professional Educator to meet expectations. The plan is considered to be an assistance level of intervention.

Consistent with state statute, if the employee disagrees with the information contained in an evaluation, removal or correction of that information may be mutually agreed upon by the administration and the employee. If an agreement cannot be reached, the employee may submit a written statement explaining the employee’s position. The administration will attach the employee’s statement to the disputed evaluation.

PROF ED SECTION 6 – PROFESSIONAL COMPENSATION / CONTRACTUAL ISSUES

PROF ED 6.1 BASE SALARY

The base salary will be determined by the Board of Education. The district has established a minimum pay threshold for individuals who have 10 or more years of experience in the School District of New London. PROF ED 6.9 EARLY STAFF RETIREMENT RECOGNITION

Declaration of retirement notice submitted prior to September 15th for the following school year will enhance a professional teaching staff member salary by \$2,000.00. Professional staff may only apply for retirement declaration recognition one time.

Formal Board action recognizing the declaration of retirement will be acknowledged at the January Board of Education meeting.

If a professional teaching staff member changes their mind and no longer wants to retire prior to the January Board of Education meeting, all additional funds acquired through the declaration of retirement will be recouped during the ensuing contract issuance.

PROF ED 6.10 RESIGNATION

A Professional Educator intending to be released from employment with the Board will pay liquidated damages according to the individual contract unless otherwise determined by the Board. Professional Educators who wish to resign will submit a written, signed letter to the District Administrator.

PROF ED SECTION 7 – PROFESSIONAL BENEFITS SUMMARY

PROF ED 7.2 EMPLOYEE BENEFITS

The Board has established an advisory Employee Benefits Committee to research and recommend the benefit package to be offered to its employees. The District has secured the services of a consulting group to assist the Employee Benefits Committee in a financially sustainable package of benefits that will help to recruit and retain quality employees. The benefits packet will be selected by the Board. Eligibility for and payments toward any such benefits will be determined by the Board. The benefits will be inserted upon completion of the Employee Benefits Committee recommendations and final Board determination.

PROF ED 7.3 HEALTH INSURANCE

Employees are eligible for health insurance if they meet the eligibility threshold under the affordable care act (ACA) of 30 hours a week. Certified staff are not hourly employees so the district will determine final eligibility based upon the work schedule for the employee.

New employees will be included as participants in the benefit programs described in this section the first day of the month following their hire date. If an employee is hired on the first day of the month, the employee is eligible that month. Employees choosing not to enroll in one or more of the benefit programs must sign a waiver of participation for each such benefit program not chosen.

The District will pay a percentage of the health insurance monthly premium for employees who are eligible for health insurance. Employees are eligible for up to a 5% incentive by participation (both employee and spouse if covered) in the PHA (Personal Health Assessment).

Guidelines for participation in the PHA will be communicated by the District Office and must be adhered to in order to attain the incentive.

PROF ED 7.4 ALTERNATE BENEFIT PLAN IN LIEU OF HEALTH INSURANCE

Any employee who qualifies for participation in the District group health insurance plan may waive such participation and elect to receive cash compensation in lieu of the health insurance benefit. For part-time employees this alternative benefit will be pro-rated based upon hours worked and number of months worked. Employees who are hired under an individual contract are considered to be twelve (12) month employees. Such cash payments will be determined by the Board of Education. Where the employee chooses, the District will facilitate the deferral of cash to a tax-sheltered annuity (TSA) plan. (If recognized spouses within a family unit are both employed by the School District of New London, the alternative benefit plan in lieu of health insurance is not recognized.)

CAUTION: Any initial enrollment or reenrollment in the health plan after choosing the Alternate Benefit Plan will be subject to the terms and conditions of the insurance provider.

Married couples, where both partners are employed by the District, may choose one of the following:

- ✓ One family Health Insurance Plan.
- ✓ Two single Health Insurance Plans.

The cash compensation amount will be paid to the employee as additional taxable earnings.

PROF ED 7.5 DENTAL INSURANCE

PROF ED 7.6 LONG-TERM DISABILITY

A summary of benefit document will be provided by the current benefit carrier to explain the benefit plan as long as the benefit is provided.

PROF ED 7.7 LIFE INSURANCE

The District will pay the premiums for life insurance at one (1) times the employee's fiscal year contract (rounded to the next thousand dollars). Employees having the life insurance also have the option of picking up, at their own expense, life insurance for their spouse and eligible dependents. The terms and conditions of this benefit will be determined by the Board of Education. A summary of benefit document will be provided by the current benefit carrier to explain the benefit plan as long as the benefit is provided.

W/O IND CONT 2.2 STANDARD HOURS OR FTE

Hourly employees will be assigned standard hours or FTE allocation, which represent the number of hours or percentage of full-time employment they are normally scheduled to work per week. This is used in various benefit programs to determine eligibility and amount of benefit.

W/O IND CONT 2.3 ADDITIONAL TIME

Additional time is defined as time worked over the regularly scheduled hours of an employee but not more than forty (40) hours in a work week. Such hours are paid at the employee's regular rate of pay. Such hours must be logged through True Time.

W/O IND CONT 2.4 OVERTIME

At times it may be necessary to work overtime. An hourly, non-exempt employee (i.e. Support Staff) will be paid in compliance with the Fair Labor Standards Act (FLSA) and in accordance with the overtime requirements for their employee group. Hourly employees are expected to not work before, beyond or outside of their established working hours and are not to work overtime without prior authorization from their supervisor. - ✓ Employees (excluding twelve-month employees) are not required to report for work on either of the first two inclement weather/unanticipated situation days. Employees will be excused for the time closed and will be paid their regular days pay for that day, unless out on a preapproved unpaid leave day. Employees will not be paid for any days beyond the first two days. Any work hours cancelled may be rescheduled by the District. In such instances, employees are required to work and will be paid at that time. Employees will not be compensated for delays or early dismissals.

- ✓ Twelve-month employees are expected to report to work but may take a vacation day or personal time if they choose not to report for work. Employees will not be compensated for delays or early dismissals.

The District has the right to establish work rules and schedules of work. Schedules will be established to fit the needs of the students, programs, and specifics of each building. Unforeseen temporary changes may be requested. Employees are expected to make those changes unless personal situations, day care, or pre-scheduled family events have already been scheduled and conflict with the change. Employees will not be disciplined if previously made plans conflict with emergency schedule changes at work and prevent them from working.

Work days beyond the regular school year for extended school year employees must be scheduled and the employee notified by the building administrator preceding the summer break.

SECTION 3 – EVALUATIONS

The primary purpose of evaluation is to provide continuous improvement in the quality of service to the community/students/staff of the School District of New London. Routine evaluations will be conducted at least once every two-year period.

Monitoring or observation of the work performance of an employee for purposes of evaluation will be conducted openly and fairly with his/her full knowledge. Any evaluations of an employee's work performance will be based upon their written job descriptions, employee expectations, adherence to work rules and other relevant criteria. Information from anonymous sources and/or unfounded comments will not be included in any final evaluation report. "Anonymous" is interpreted to mean unknown to the employee and evaluator.

An evaluation of an employee will be a cooperative process between the employee and the evaluator. Both should use the same evaluation form/instrument and should prepare all applicable information prior to their evaluation conference. For all like-classified jobs, each evaluator will use the same evaluation form/instrument. When a Professional Educator works with an Educational Assistant, the Professional Educator may be requested to provide objective input for consideration by the administrator who is evaluating the Educational Assistant. The conference will focus on a discussion of the information. The final evaluation report must contain the signatures of both the employee and the evaluator to indicate that both have been a part of the evaluation. The employee's signature does not indicate that he/she necessarily agrees with the final evaluation report. He/she will have the right to comment on anything he/she feels is relevant and the comments will be attached to the file copy of the evaluation report.

An employee whose overall performance on an evaluation is rated unsatisfactory will be placed on a Plan of Assistance. During the time on such a plan, he/she is not eligible for any wage increase. Successful completion of the Plan of Assistance may result in the employee being granted on a go forward basis any increase of wage rate increase previously withheld.
